# AN OPEN LETTER TO STUDENTS

Dear Students:

In our first and second issues of the Student Vanguard, we the Staff members tried to show how much we need an active student government. Student government is IMPORTANT to ALL students.

Our last election was very successful. We are happy to say. This election promises to be equally as such. As long as we have your participation. Believe it or not Student Government has really been working, and working hard. Larry Brown and his Associates are pleased with the progress so far. But, progress is only a small step. For US to be able to represent YOU, we need your cooperation.

This is a special election. An election to fill the committee seat left vacant by students who have either graduated or transferred. The students running for these seats are doing so, because they want to do the best to improve existing conditions.

You may feel that there is nothing that can be done by Student Government. Well, your wrong. DEAD WRONG. So far to date Student Government has implimented many new improvements.

We all have, at one time or another, had various complaints. This is one of the few institutions where students have an opportunity to actively engage in the governing of their college destiny.

There are a good number of students who are interested in YOUR welfare. These people are running for student government. Show them you are acknowledging their efforts. Here are people willing to fight for you. Are you willing to let them. Are you willing to fight for yourself! If you care about yourself—come out and vote PLEASE . . . . .

Sincerely, GARY BRYER, News Editor
